- Labor is calculated at R450.00 (Incl. V.A.T.) per hour.
- All labor, cabling and spares are estimated, and actual prices will depend on actual quantities used.
- Ordering of equipment can only commence once the quote is accepted in writing or after an order was received and payment of advance.
- The work can only commence after receipt of all material from suppliers.
- When any fastening, attaching or installation of any goods takes place onto existing structures, the condition or latent defects of such structures cannot be determined beforehand and therefore Lighthouse Electronics (Pty)Ltd accepts no responsibility or accountability for any breakage, damage, destroying, corrosion or decaying of such structures.
- When any work is to be done and property sizes, property boundary markers or building lines are involved, it is the responsibility of the client to clearly point out these points to Light House Electronics cc. No responsibility or accountability is accepted for demolishing, moving or altering of goods erected incorrectly. When any permission is required in terms of any Municipal regulation or any other law, the onus lies with the client/owner of property to obtain such permission.
- Both parties agree that no representations, promises or other agreements not contained herein exist.
- All property, goods, machinery, or material bought by, delivered to site or stored on site and/or used by Lighthouse Electronics (Pty)Ltd on this project, remains the property of Lighthouse Electronics (Pty) Ltd until the amount on the quotation and invoice is paid for in full.
- Equipment manufacturers may change specifications or withdraw products from the market without prior notice, between quotation date and installation date and although every endeavor will be made to inform you if this should happen, Lighthouse Electronics (Pty) Ltd retains the right to withdraw this quotation should this happen or amend the quotation and submit a new quotation. We accept no responsibility for any loss incurred due to these unforeseen circumstances.
- Products and/or equipment supplied and installed are guaranteed by the manufacturers and distributors thereof and each one has his own terms and conditions. Defect and/or faulty products or equipment will at the discretion of the manufacturer or distributor be repaired, exchanged with a service exchange unit or replaced within the guarantee period. No guaranteed claim will be entertained due to breakage of damage caused by Act of God, vandalism, power surges or work performed and/or modifications made by unauthorized product equipment technician.
- All Electronic/Electrical equipment carries a one (1) year, except where otherwise stated, manufacturer's warranty under normal conditions. Lighthouse Electronics (Pty) Ltd does provide an onsite warranty service for which only travel, and time will be charged. Time and travel will not be charged on warranty callouts within three (3) months of installation. All workmanship carries a three (3) months warranty against normal conditions.
- Terms are C.O.D. for labor, material and products.
- Lighthouse Electronics (Pty) Ltd does not offer payment terms. Invoices that are not paid on presentation will be subjected to interest at prime plus 2% and will void any warranty obligations.
- In cases where payments are outstanding, Lighthouse Electronics (Pty)Ltd will not respond to requests for support and goods will remain the property of Light House Electronics cc until all invoices are fully paid.
- 80% Advance Payment with placing of order to secure placing of the order with Suppliers under the prices as quoted (see quotations for detail T&C on advance payments)
